

2001 TOP TEN DOG TRAINING VIDEOS

1. **Sirius Puppy Training** - Ian Dunbar. "Do you know someone who is getting a new puppy? Help them get started right with this popular video. Easy to use techniques for the whole family to train the new dog... puppy or adult. How to establish a bond with the dog, how to get off-leash control and teach simple commands. Important information on problem prevention and training. Breeders all over the U.S. advise their puppy-buyers to get this!"
2. **Calming Signals: What Your Dog Tells You** - Turid Rugaas. "Presents Turid Rugaas working on her own home turf, doing what she does best, communicating with dogs. She shows footage of many calming signals, and how dogs use them. She also shows us how people can use calming signals in their own interactions with dogs. You'll enjoy visiting Turid's own dogs and those of her clients, while seeing her in action on her beautiful farm in the fjords of Norway. This is THE companion video to the popular book, *On Talking Terms with Dogs*."
3. **Clicker Magic** - Karen Pryor. "More than 20 actual behavior-shaping sessions, from start to finish. Karen's running commentary explains the skill of pace and timing, and trainers range from total beginners to Karen herself, and include Corally Burmaster, editor of *The Clicker Journal*, and her mule, Ringo. There's also a clicker-trained cat and a fish. Clicker Magic shows what clicker training is all about if you're a beginner, will fill in the gaps if you've been working on your own, will inspire you if you're an experienced instructor or trainer."
4. **Take a Bow...Wow! Fun and Functional Dog Tricks** - Virginia Broitman and Sherri Lippman. "A collection of fun and functional dog tricks. Some are suitable for assistance dog training, meeting a long-time demand!! Well-done and enjoyable, training techniques are based on positive reinforcement, and the video comes with a clicker. Tricks include: Take a bow, play dead, ring a bell (when you need to go out), open and close doors, wave, chase your tail, and retrieve your leash. Endorsed by Karen Pryor."
5. **Dog Aggression: Biting** - Ian Dunbar. "Goal is to make every dog a friendly dog! Contents: Influence of nature and nurture on the development of canine aggression, in-depth review of the stimuli and situations that may provoke a dog to bite, how to recognize warning signs and defuse potential triggers, classification of dog bites on the basis of severity and owner's responsibility, suggestion for fairer, more effective legal sanctions, and most importantly, a detailed program of simple and effective behavior modification and temperament training techniques to prevent dog bites. Presented in seminar/lecture format."
6. **Training the Companion Dog: Basic Training, Vol 1-4** - Ian Dunbar. "Dr. Ian Dunbar, one of the world's most popular behaviorists, provides you with all the information needed to teach your dog to be a well-mannered canine citizen. Basic training and problem-solving from his BBC (British Television) series."
7. **Puppy Love: Raise Your Dog the Clicker Way** - Karen Pryor. "The gentle, puppy-friendly way to raise a great family dog! Families learn to teach a new puppy where to sleep and play; the right places to 'go'; good manners; polite greeting; permitting handling; what's okay to chew; cute, easy tricks; walking on a loose leash; coming when called, more. Clicker training! With clicker authority Karen Pryor and trainer Carolyn Clark, the staff and clients of the Centre for Applied Canine Behavior in Canada."
8. **Dog Aggression: Fighting** - Ian Dunbar. "There is nothing more frustrating or embarrassing for an owner than a dog that fights. Dealing effectively with dog-to-dog aggression necessitates a comprehensive understanding of its underlying

causes. In his entertaining and enlightening style, Dr. Dunbar offers a thoughtful analysis of why dogs fight and outlines commonsense preventative measures and a variety of practical remedial training techniques. Includes: Causes of dog-to-dog aggression in the context of pack hierarchy, how to assess whether a dog has a serious and dangerous fighting problem or whether it is just prone to squabbling, does neutering help, setting up a remedial 'growl class', how to correct aggression problems. Presented in seminar/lecture format."

9. **Training the Companion Dog** - Ian Dunbar. "Dr. Ian Dunbar, one of the world's most popular behaviorists, provides you with all the information needed to teach your dog to be a well-mannered canine citizen. Basic training and problem-solving from his BBC (British Television) series."

10. **Clicker Fun Series** (Click & Go, Click & Fetch, Click & Fix) - Deb Jones. "Set consists of *Click & Go*, *Click & Fetch*, *Click & Fix* videos. *Click & Go* presents the basic principles of clicker training. You will learn how to use clicker-based methods to change your dog's behavior. Techniques presented include shaping, luring, and targeting. This is an excellent overview for anyone interested in learning how to clicker train correctly and effectively. *Click & Fetch* shows you how to build a strong and reliable retrieve using only positive techniques. You will see each step of teaching the retrieve demonstrated. Common problems in retrieve training, and their solutions, are highlighted. *Click & Fix* shows you how to fix your dog's behavior problems while using fair and humane techniques, rather than force and punishment. The focus is on the problem-solving methods of prevention, management, extinction and differential reinforcement. Problems such as chewing, nipping, destructiveness, jumping, barking, and hyperactivity are highlighted."
