Rescue Milestone. GRRoW recently rescued dog number 1000!

This Golden Retriever, named Nikki, is a 10 year old "Golden Oldie".

She is quite the lady - prim proper and polite. Her only request is to be given a belly rub twice a day and shake her paw when she offers it.

In true Golden spirit, she greets people of all ages with a continuous wag of her tail, never calls attention to herself, takes treats gently from your hand and stays in the yard. Nikki is a Golden whose companionship and unconditional love makes a house become a home.

Most rescued goldens are 18 months to 8 years, making Nikki extra special. Our hope is for her to become one of many ambassadors for Golden Retriever Rescue.
