

## Miller 08-019

Dear GRROW,

It has been 6 months since we rescued our boy, Miller from GRROW. We are very happy to report that Miller is an excellent fit in our family. We are very lucky to have the opportunity to have him in our lives. Our 5 year old Golden, Ginger was not so sure she wanted this pushy, toy stealing boy in her life but they have since become good friends. Our children, Jessica 19, Morgan 15, Olivia 8, and Alex 6 often comment that they don't remember life without Miller, it's like he has always been here. Although Jessica did get a little upset with him when he licked all the frosting off her birthday cake, but she forgave him rather quickly and he has made it up to her in many ways!!

We would like to thank GRROW, and Shayla and Scott for choosing our family to give Miller his forever home. It has been a wonderful learning experience for our family and we have loved Miller since the first moment we saw him.
