

Lefty (Scrappy) 08-039

Dear, GRRoW

I'd like to share my success story with you!  
My name is Lefty (formerly known as Scrappy) and I was adopted in May 2008 by the F. family in Madison. I am 18 months old now, and hard to believe I am still a pre-teen Golden Retriever because I am so well-behaved (most of the time). I'm really loving my new home and especially love picking raspberries from the bushes in the garden...I'm also pulling my weight around here-- I found \$40 on one of our morning walks last week!

Brian and Sarah waiting a long 5 months for me-- but it was worth the wait for all of us...Yesterday I played with another GRRoW dog that I met at

the dog park...and I'm looking forward to volunteering with GRRoW in the future once my teenage energy wears out a bit more...

Thank you GRRoW for bringing us together!
