

## **JAKE 10-032**

**Hello GRRoW!**

**I wanted to write a note to say how grateful we are that we found Jake and were able to welcome him into our home. He is a complete joy to have around. My fiancé, Mike and I can't believe how wonderful of a match he is with us. We've been with Jake for about a month now, but we already have a little routine going and he has made quick friends with many in our**

**condo building (both two legged and four legged ones). It's been fun exploring all the area parks around downtown Milwaukee and we all love our evening walks by the lake whenever we get the chance. Jake is NEVER one to turn down a walk outside or a car ride to just about anywhere. We are happy to report that he is getting plenty of both! The most exciting part of having Jake in our family is being able to see his personality shine more and more each day. He makes us laugh!**

**Thank you to all at GRRoW who made this rescue and adoption possible, (especially Denise). We could not have wished to be matched with a more perfect Golden. Jake turned 9 years old a few weeks ago (yeah!) and we are excited to celebrate as many more birthdays with him as possible. He deserves it and we LOVE having him! We seriously just LOVE him to pieces.**

**We look forward to seeing everyone at future GRRoW events around Wisconsin. Thank you again...**

**Sincerely,**

**Kariann and Mike**
