

We had such a joyful day on July 12<sup>th</sup>. This is the day our family fell in love with Zoe. Zoe came to live with us, in her forever home, on July 13<sup>th</sup> and we have not looked back even once.

Zoe is a wonderful, kindhearted playful dog. She absolutely adores our two children, Grace (6) and Meredith (1) who equally adore her. Most days you will find Meredith leaning against Zoe while drinking her milk and most nights you will find Zoe sleeping at the foot of Grace's bed.

It amazes me how quickly Zoe has learned who her family is and how protective she is of those she loves. Meredith rolled her ball into the road and was approaching the road herself and Zoe continued to bark until Meredith was brought safely back to the yard.

We were on the waiting list since before Christmas, 2007 and we finally found our forever dog-Zoe was worth the wait.

We want to thank Ann and Gary for their kindness and support during Zoe's transition from their foster home to our home. Not only did we gain a loving dog from this experience but also friends for life.
